The Freedland Shoah Fund is part of the La Crosse Public Education Foundation, which enhances the quality of public education by inspiring creativity and innovation in children, educators and the community.

Artwork in this brochure was created by students over the years in the classroom of Jill Gorell at Logan Middle School. The Anne Frank sketch was drawn by Ashley K. in 2007. Austin L. created the "Never Again" poster in 2004 and the Children in the Ghetto picture was unlabeled.

WHAT IS THE SHOAH?

Shoah is a Hebrew word used since the late 1940s to describe the genocide of approximately six million European Jews and other “undesirable” people during the era of World War II.

After the Holocaust, people worldwide agreed that this must never happen again. We must never allow any groups to suffer the fate of these Jews and other targeted groups murdered by Hitler because he didn't consider them human and worthy of life.

It is through education, that we are best able to say:

SHOAH FUND GOALS:

- Expose School District of La Crosse students to the history of the Shoah and related topics
- Teach students to recognize the historical events and beliefs that made the Shoah possible and to relate them to the present.
- Assist students to understand the impact of the Shoah and current and potential genocide today.

You can help with this important work by creating a project or donating to this fund so others can study the Shoah.

“It is our hope that by studying the Shoah, we can prevent future genocides like those in Cambodia, Rwanda and currently in Darfur. That is why we created this fund.”
